2026 STREET AND UTILITY IMPROVEMENTS PROJECT UPDATE #1 (Contract 3)

The third construction project in town is planned to begin the week of June 8th. An informational meeting will be held on Tuesday, June 2nd, to discuss the proposed improvements, what to expect, construction timing and duration, and our communication plan. All attending will also be introduced to the City's on-site project inspector.

The project area includes:

- Center Street between ~200' North of East Main Street to ~300' South of East Main Street, and
- East Main Street between Center Street and ~1,400' East of Center Street (old lift station site).

A newsletter inviting residents and business owners to the informational meeting will be mailed to everyone who receives a water bill.

Please join us to learn about the project.

Note – Once construction begins, project updates will be posted to the City Website weekly.
